

RUBRIC #2, PART 3

FORMATIVE

TAXES, RATIOS, & COUPONS

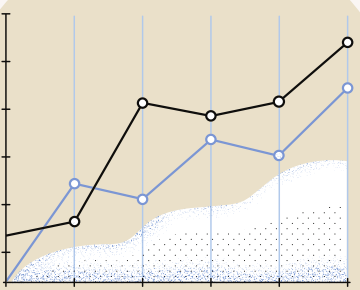

CHECKPOINT #1 (TAXES)

Correctly calculated the sales tax and final price of each item using an area model and rounded all final answers to the nearest hundredth.

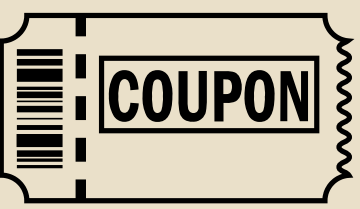

CHECKPOINT #2 (RATIO TABLES AND GRAPHS)

Correctly calculated ratio tables for each item, graphed them to match the data from the ratio tables using linear regressions, and emailed me the code.

CHECKPOINT #3 (COUPONS)

Correctly calculated the 25%, 15%, and 30% coupons for each product using the break-apart method.
